RUSSIAN TURMOIL ENABLES GERMANS TO STIFFEN LINE

Provisional Government of Russia Sticks to Its Task.

Germans Offer Stiffer Resistance as British Reach Vital Points.

French Drive Is Well Established.

By Associated Press Dispatch.

Although beset with innumerable difficulties, the provisional Government of Russia is determined to stick to its task.

The Council of Soldiers' and Workmen's Delegates, comprising mainly the Socialist and extreme Radical elements, apparently is becoming more willing to consider participation in the formation of a coalition government.

It has appointed a commission to negotiate with the provisional government, and is formulating a program of conditions which would permit Socialist entry upon representation in the Ministry.

STIFFER RESISTANCE

Meanwhile, the front in northern France is witnessing an increasingly determined resistance by the Germans to any further advances by the British and French, who, in their offensive, have pushed to points of extreme danger for the German lines.

Evidently, with heavy reinforcements at their command, the German lines in both the Arras and Aisne fields of operation are launching heavy assaults at the points especially menaced.

Thus the British are being attacked round Bullecourt and the French along the Chemin des Dames plateau. In Bullecourt, General Haig's troops have retained their hold on the village, only some advanced posts in the northwestern portion being forced back a little way.

The drive on positions where the French are well established for a further push toward the fortress of Paris was unsuccessful, Paris anounces.

\$750,000,000 FOR NEW SHIPS

Senate Agrees to Appropriation for Merchant Fleet.

By Associated Press Dispatch.

Washington, May 15.—Appropriation of \$750,000,000 of which \$400,000,000 is to be immediately available for Federal purchase and construction of a fleet of merchant vessels, was agreed to today by the Senate Appropriation Committee.

Legislation authorizing the Government to take over the necessary shipbuilding facilities also was ap-

CONGRESS SMASHES RECORDS

Appropriations Made By the National House Without Precedent.

By Associated Press Dispatch.

Washington, May 15.—All appropriation records of Congress were broken today when the Senate Appropriations Committee reported the war and navy deficiency bill carrying a total of \$3,390,946,000, including \$400,000,000 for construction and purchase of an American merchant marine. The committee added \$583,392,000 to the House bill.

Among the Senate increases were \$500,000 for the Council of National Defense; \$1,000,000 for detention of interned Germans; \$26,000,000 for army machine guns, and \$35,000,000 for heavy army ordnance.

The bill authorized the government to commandeer shipyard factories, or the products of such factories, and take over existing shipbuilding contracts of private individuals or foreign governments.

Construction facilities taken over are to be paid for at a reasonable price. Refusal of persons to deliver requisitioned factories or establishments would be penalized.

The conferees accepted without change the House provision for the Roosevelt volunteers. As the Senate by a large vote previously approved the volunteer force, its final adoption by both houses of Congress is regarded certain, unless something develops unexpectedly in the Senate.

The conscription age remains from 21 to 30 years inclusive. Before the week ends, the conferees hope to have the bill finally adopted by both houses and sent to the President.

HOLLWEG TALKS IN BIG RIDDLE

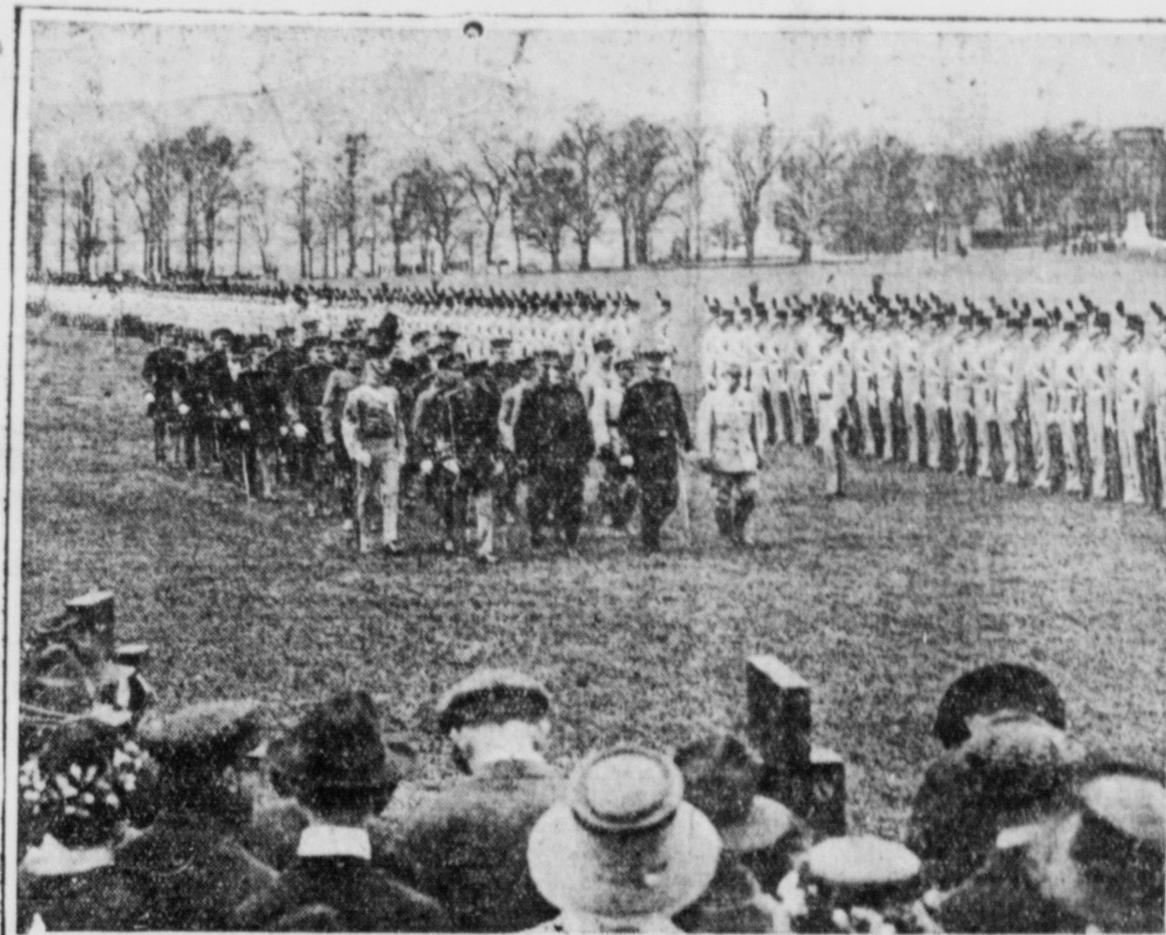

(Associated Press Cable)

Berlin, via London, May 15.—Chancellor von Bethmann-Hollweg answered the peace interpellations in the Reichstag today, by saying that it would not serve the interests of the country to make a declaration, and therefore, he declined to do so.

The Chancellor said that, in discussing war aims, the only guiding line for him was an early and satisfactory conclusion of the war.

I thoroughly and fully understood the passionate interest of the people in war aims and peace conditions," said the Chancellor, "but in discussion of war aims, the only guiding line for me is an early and satisfactory conclusion of the war. Beyond that, I cannot do or say anything."

WEST POINT GIVES JOFFRE Happiest Day in Years

MARSHAL JOFFRE INSPECTS THE CADETS

West Point was taken by Marshal Joffre and Marshal Joffre was captured by West Point. In the course of a few hours he saw America's wonderful corps of cadets at their very best; he had a simple luncheon with officers of the regular army, every one of them West Point graduate, most of whom speak French; he mo-

tored through the beautiful wooded highlands behind the point, and when it was all over he said that so long as he might live his afternoon at West Point would be one of the dearest and most cherished memories of his long life.

"I have not had in these last three years," Marshal Joffre said to Col-

onel John Biddle, corps engineer, U. S. A., superintendent of the academy,

"very many opportunities to enjoy myself and be happy, but today here at beautiful West Point I have been happy."

"He has been so happy that it is a pity he has to go so soon," said one of Marshal Joffre's staff officers.

RUSSIAN GENERALS RESIGNING

Commanders on the West and Southwest Fronts Want to Quit.

(Associated Press Cable)

Petrograd, via London, May 15.—It became known here today that just before the resignation of the provisional Minister of War, General Guchkov, was announced yesterday, General Alexis Brusilov, commander-in-chief of the Russian armies on the southwestern front, and General Gurko, the commander on the Russian western front, asked to be relieved of their commands.

Alcohol has no food value, reduces the temperature of the body, lowers the bodily resistance to disease, unfavorably influences the progress of infectious maladies, acts as a depressant to the ventral nervous system, accelerates heart action, liberates the "breaks" that govern control, diminishes efficiency, dulls the moral tone and contributes in no small degree to insanity, feeble-mindedness, epilepsy, poverty and delinquency.

Taking up criminality, Dr. Drysdale stated that premeditated crime is rare among alcoholics. "Misdemeanors and crimes committed in passion while under the influence of liquor are of course quite common," he said. "The true and dangerous criminal depends upon his alertness and cunning to outwit the modern detective and is too wise a man to permit his faculties to be blunted by indulging promiscuously in liquor."

Discussing the physical and mental defects which the confirmed inebriate bequeaths to his children and children's children, the doctor said that when the father is a chronic drunkard the daughter will inherit this weakness more prominently than the son and that if she does not become addicted to strong drink, she will more likely develop some sort of nervous or mental defect. If the mother tends to excess, the son is in danger of becoming intemperate, while the daughter is usually religiously temperate. If both parents indulge habitually, some of their children will show abhorrence for all things intoxicating while others will be fascinated and easily affected by intoxicants.

"One of the worst indictments against alcohol is the fact that those who use it to the point of intoxication often indulge in conduct which exposes them to grave peril," the speaker said. "Many men and women contract diseases which they would have escaped if they had not placed themselves in jeopardy while intoxicated."

Different forms of insanity, mental

ALCOHOL BLAMED BY SPECIALIST ON NERVE TROUBLES

By Associated Press Dispatch.

Springfield, O., May 15.—Alcohol was named as the most prolific cause of nervousness and mental ill health by Dr. H. H. Drysdale, of Cleveland,

who discussed intoxicants, from beer to champagne, before the nervous and mental disease section of the annual convention of the Ohio State Medical Association here today. Dr. Drysdale is a strong advocate of national prohibition. In his paper temperance arguments were commingled with interesting statements which, he said, have stood the test of scientific scrutiny. Here are some of the latter:

Alcohol has no food value, reduces the temperature of the body, lowers the bodily resistance to disease, unfavorably influences the progress of infectious maladies, acts as a depressant to the ventral nervous system, accelerates heart action, liberates the "breaks" that govern control, diminishes efficiency, dulls the moral tone and contributes in no small degree to insanity, feeble-mindedness, epilepsy, poverty and delinquency.

Superintendent Taggart has recommended Robinson for the appointment. Robinson is assistant actuary of the department.

Walter Robinson, of This City, Likely to Head Actuary Department.

By Associated Press Dispatch.

Columbus, O., May 15.—W. A. Robinson, Democrat of Washington C. H., Ohio, may succeed S. E. Stillwell, Republican, of Columbus, resigned, as actuary of the State Insurance Department.

Reject everything, therefore, which weakens your military power, which distracts the army and lowers its morale.

Soldiers, be worthy of the trust that revolutionary Russia puts in you."

R. R. ENGINEERS IN ENGLAND BACK TO WORK

Believed That Transportation Problem Will Soon Be Solved.

(Associated Press Cable)

Amsterdam, via London, May 15.—The Neuer Weiner Tageblatt of Vienna says that the discussion between Chancellor von Bethmann-Hollweg and Count Czernin, the Austrian Foreign Minister resulted in a complete understanding between the Central Powers.

The Vienna Nieuw Presse adds to this that it can be stated with certainty that the Chancellor's reply to the interpellations in the Reichstag will manifest the harmonious views of all the Central Allies.

Washington, May 15.—A battle be-

tween a cruiser and a submarine off the north coast of Ireland was re-

lated by the crew of a British ship.

The steamer was attacked by the U-

boat and was maneuvering to escape

a torpedo when the war craft ap-

peared and opened fire. The steamer, the crew said, took to her heels and did

not wait to see the outcome of the clash.

The return of the Manchester men

will have a good effect in other dis-

tricts where the workers have been

awaiting the decision of the engineers in that city.

Striking engineers in Liverpool, al-

so, returned to work today, and only

a comparatively small number of men remained out.

No other changes were made in the bill by the conferees.

SEPARATE PEACE IS NOT NEAR

Say Workmen's Delegates to Russian Soldiers.

Manifesto Issued to the Army.

(Associated Press Cable)

Petrograd, via London, May 15.—

The following is the text in part of the manifesto to the Russian Army issued by the Council of Soldiers' and Workmen's Delegates, urging the continuance of the war and declaring that a separate peace is impossible.

Soldiers and comrades at the front:

"We speak to you in the name of the Russian revolutionary democracy.

The workmen and peasants of Russia long for peace, but it must be a general peace of all nations—the result or a common agreement.

"A separate peace is an impossible

thing, which must not be allowed to interfere with, or embarrass, the course of events in the world.

"It is evident that German imperialism, after having defeated our western allies, would turn against us the whole power of its arms, seize our country and enslave the Russian people.

"But do not forget, soldiers and comrades, that peace cannot be achieved if you do not check the enemy pressure at the front.

"Reject everything, therefore,

which weakens your military power,

which distracts the army and lowers its morale.

"Soldiers, be worthy of the trust that revolutionary Russia puts in you."

WELCOME TO BALFOUR RIVALS THAT ACCORDED TO MARSAL JOFFRE

MR. BALFOUR REPLIES TO CHEERS

It was believed that New York had exhausted its capacity for enthusiasm when it greeted Marshal Joffre, but the opposition proved unfounded. The ovation accorded to Arthur J. Balfour, head of the British commission rivaled that which welcomed the French general. Mr. Balfour was plainly delighted with the greeting, and his pleasure showed itself in the manner in which he responded to the cheers.

ZEPPELIN EMPLOYEES DISORDERED

Since the Death of Aged Count Difficulties With Workmen Increase.

Geneva, Switzerland, May 15.—Correspondent of the Associated Press

—It is reported from Rotterdam, on Lake Constance, that since the death of Count Zeppelin, who was always supported by the Kaiser in his plans,

a number of employees in the Zeppelin factory at Friedrichshafen have been dismissed and ordered to join the army.

The framework of a large airship, which would have been completed in six weeks, will not be completed for several months, owing to lack of workmen.

The general opinion is that the German military authorities will construct no more Zeppelins. No further orders for building have been received.

PASSED ON TO WILSON

DRY MEETING TO FORMALLY OPEN LOCAL CAMPAIGN

Invitations Out for Luncheon and Meeting of Fayette County Dry Federation at Y. M. C. A. Tomorrow Evening—Headquarters Opened in the Pavey Building.

The Fayette County Dry Federation will formally open the dry campaign in Fayette county Wednesday night, when a large number of dry workers will meet at the Y. M. C. A. and dine together, after which Mr. John T. Bresee, a manufacturer, of Portsmouth, Ohio will speak. Music will be furnished by the widely known and popular Sisters Quartette, of Oak Hill.

The object of the meeting is to place Fayette county morally and financially in the fight for state-wide prohibition this year.

Headquarters of the Fayette County Dry Federation have been opened in the Pavey building, and Miss Marie Melvin will be in charge of the office, handle the typewriting and look after business connected with the work.

The campaign will be an active one from the start, and every energy will be bent toward making the dry vote in Fayette county by far greater than ever before.

The county organization follows:—M. E. Hitchcock, Chairman; William McClain, Secretary; Frank S. Jackson, Treasurer.

Trustees

D. S. Craig, Thomas McDonald, George Jackson, Henry Brownell, James Ford, R. S. Quinn; Dr. C. E. Persinger, C. E. Lloyd, R. C. Peddicord, William Campbell, J. Earl McLean.

Township, Town and Ward Chairman,

A. C. Nisley, Concord; B. H. Coffey, Green; Frank E. Hidy, Jasper; G. S. Threlkeld, Jefferson; J. E. Hopkins, Madison; John N. Browning, Marion; O. W. Ervin, Paint Upper; W. F. Jefferson, Paint Lower; W. R. Everhart, Perry, A. L. Moore, Union East; Frank E. Haines, Union West; D. C. McCune, Wayne East; Isaac Cory.

Wayne West; Albert Haines, Bloomingburg; S. C. Morrow, Jeffersonville; Joseph Mark, First Ward; Frank Flea, Sr., Second Ward; A. C. Henkle, Third Ward; (not chosen), Fourth Ward.

LINOTYPE BALKS AT CRITICAL TIME

At the most critical time in the day Monday, when a rush of copy had almost swamped the two complicated Linotype machines used to set the type for The Herald, one of the machines suddenly balked and refused to respond to the repeated coaxing of the operator until sometime Monday night when the trouble was located and the machine again placed in running order.

When the machine balked the other machine could not "chin" the mass of copy which had accumulated, with the result that in order to go to press near the usual time it was necessary to carry over two columns of important news matter until today.

HOBOS SCARCE AFRAID OF WORKS

Hobos are afraid of Washington and only those who have not learned from their companions of the dire calamity which is visited upon those who strike the city and fall into the hands of the police, can be heard of now and then about the outskirts of the city.

The workhouse does not look good to the 'boes, and one of the pair recently consigned to that institution of forced industry disliked work so much that he attacked one of the guards.

Citizens are notifying the police whenever a tramp appears asking for food, and it is usually but a short time until the tramp is picked up.

It has been several days since the police have been notified of the appearance of a tramp.

BOARD OF REVISION MEETS NEXT MONTH

The Fayette County Board of Revision, composed of President of the County Commissioners, Louis Perrill, County Auditor Glenn M. Pine and County Treasurer A. W. Duff, will meet on the first Monday in June to take up the matter of making any revision necessary in the property valuations.

A few persons who were furnished with tax blanks have not yet made their reports, and if they are wise to their interests they will do this before the Board of Revision finds it necessary to take the matter up. Severe penalties are provided in such cases.

CHARGES ABSENCE ASKS FOR DIVORCE

In common pleas court, Monday afternoon, Leora Fahrney asks divorce from Jesse Fahrney, whom she married in this city December 24, 1911, and whom she declares has been guilty of willful absence for the past three years.

She asks divorce and restoration to her maiden name of Leora Flint. Gregg, Patton & Gregg represent the plaintiff.

DEATHS MICHAEL

Mary Michael, aged 78, wife of A. J. Michael, passed away at her home on Western avenue, Tuesday morning at one o'clock.

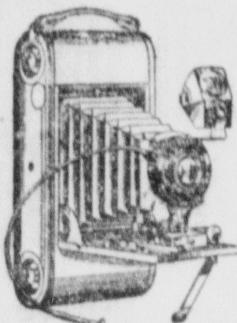

Funeral services at the residence at 1:30 o'clock Wednesday afternoon, and interment in the Washington cemetery. Rev. Grove officiates.

The deceased leaves a husband and seven children.

FAYETTE MUST FURNISH 42 MEN TO REGULAR ARMY

The Cincinnati Recruiting District of which Fayette county forms a part, must furnish to the regular Army a quota of 1600 men within thirty days after passage of the bill now before Congress.

The quota of Fayette county is 42 men, of which very few have been enlisted.

For further information see Postmaster Sherman A. Murry.

It is imperative that the full quota of 42 be furnished by this county, and it is believed that a large number will enlist before conscription becomes a law.

Fayette has always done her part when the country called. She must not fail now.

HILLSBORO EDITOR ANSWERS LAST CALL

The death of Mr. Charles Haynes, manager and editor of the Hillsboro Dispatch, which occurred at his home in Hillsboro Monday morning, is learned with great regret by many friends and acquaintances in this city.

Mr. Haynes is a brother-in-law of Mr. C. P. West of near Bloomingburg, and of Mrs. S. E. Ervin, formerly of this city, now residing in Ann Arbor, Michigan.

Mr. Haynes has been ill for some weeks and for the past two weeks Mrs. Ervin has been with her sister, called by the serious condition of Mr. Haynes.

Mr. and Mrs. West go over to Hillsboro Wednesday morning to attend the funeral services, held at two o'clock in the afternoon.

CUTTING AFFRAY SATURDAY NIGHT

Ira Porter is in the county jail charged with cutting with intent to kill Chas. Abrams, the affray occurring on Delaware street Saturday night when Abrams was slashed about the face and body until it required 29 stitches to close the wounds.

It required several hours to dress the man's numerous wounds. Both men are colored. Porter's hearing occurs Wednesday morning.

LADIES AID MEETING

The Ladies Aid Society of Grace M. E. church will meet at the church parlors Thursday afternoon at 2:30 o'clock. This is the regular monthly meeting of the society. All women of the church are urged to attend.

CHRISTIAN LADIES AID

Ladies Aid Society of the Christian church meets Wednesday at 2:15 in the church. All ladies of the church are invited; each one bring a potato.

SECRETARY.

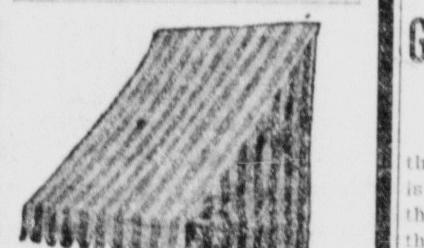

PATRIOTIC SOUVENIR

A number of residents of this city have received from the Citizens Bank of Jeffersonville a unique souvenir booklet, containing patriotic articles and instructions on ceremonials of army observance.

Mrs. Harry Joseph, of Columbus, who was here to attend the funeral of Mr. Gibson was the week end guest of Mrs. Anna Bush Coffman and Mrs. Sherman Murry.

The deceased leaves a husband and seven children.

RUGS

At Under Prices

The manufacturers prices on Rugs for Fall have been fixed and published.

They are uniformly higher than for Spring 1917.

It has been our policy to provide Good Merchandise and furnish it to our customers at the lowest figures.

We have anticipated increasing prices, and months ago bought ahead as much as possible. We have succeeded in keeping prices down below the market, and while they are not as low as before the beginning of the war, our prices are attractively low. In many instances lower than the prevailing mill prices.

Also, the patterns and qualities are of the highest order, as we always insist upon these two essentials.

Our stock is now complete in all sizes up to 12x15 feet, and the variety is sufficient to meet the requirements of all.

We urge a prompt response to our invitation to make your purchases without delay and promise you substantial savings.

Craig Bros.

RESOURCES OF CLINTON COUNTY

Clinton county is an agricultural district. Corn is the principal crop and averages about 50 bushels per acre. There will be about 70,000 acres planted this year. Wheat averages 15 bushels per acre, and 32,000 acres are growing with good prospects. Oats averages 25 bushels and acre in this county and the yield this year is expected to exceed 120,000. Farmers expect to produce 17,000 tons of hay. The prospect for fruit is not as bright.

Manufactured articles, which are mostly products of this city play a great part in Clinton county's prosperity. The chief articles manufactured here are auger bits, bridges and steel structural work. Other utilities of the great importance are safety snaps, auto-compressors, ice cream cone machines, umbrellas and automobile parts.

GENTRY BROS. HAVE MILITARY ELEPHANT

During these strenuous days when the subject of war and preparedness is the one topic of conversation throughout the length and breadth of the universe, let it be known that even the circus is not found lacking in enthusiasm and if called upon can furnish her full quota of soldiers.

When the horse markets of Germany were exhausted, the government turned to the Hagenbeck Animal Farm in Hamburg for relief and today elephants and camels are taking the place of other beasts of burden and in most instances, proving to be more efficient, owing to their greater power of strength.

"Babe," the dean of Gentry Bros' elephant herd, would no doubt prove to be of exceptional value in time of need, having had a thorough military training in Ceylon, India, previous to her departure for the home of the brave, to assume a Nomadic life with the circus. In India 3,000 elephants—all of the female species

The Birds Sing Again

The bright, warm sunshine of Monday morning giving promise of "seasonal" weather, as it is now expressed in the literary circle of that bureau charged with the duty of forecasting, met a cheerful response in the songs of the birds.

The dreary, cold mornings of the last three weeks have, very noticeably, settled the morning songs of the feathered choristers.

Coming early from the bright south land, our little feathered friends opened the days of early April with their splendid chorus happy in the prospect of home building. Then came the prolonged rainy spell which disarranged all their important plans—it discouraged them, and their ambition vanished with the coming of the chilly blasts from out of the north and east.

But at the first sign of returning sunshine and warm weather their drooping spirits revive and the are as cheerful as if mother nature, had never taken their plans and ambitions and hopes and "shot them to pieces."

Monday morning the first day of the working week human beings were encouraged to take up the burdens of every day life by the songs of the birds, beginning long before day heralding the approaching sun which has been hidden from us and from them so many anxious days.

Food and Fuel

While it seems, if we are guided by weather conditions, that we are still in the midst of winter or early spring, yet when we consult the calendars and the almanacs, we realize that summer—the all too short season of good weather—is upon us.

If the coal supply manipulators were able to control the output of the inexhaustible American mines last winter, when there was only the domestic demand, and boost prices to unheard of heights, what will they be able to do and what will they have the effrontery to do under the conditions which will confront the people next winter unless some real and substantial method of curbing their dishonest greed, is adopted and put into force in advance of the coming of the demand.

The suggestion that the United States Government, as the first step purchase all coal which is to go across the sea, is a good one. A plan like that would protect the foreign and domestic buyer both.

In fact all supplies for the allied nations whether food or fuel should be purchased by the government. Foreigners, even though they are now our allies should not be permitted to rush pell mell into the markets of the United States. The effect will be disastrous to them and to our own people if their demands are not provided for through the recognized authorities.

With the food and fuel supply mobilized and prices fixed beyond danger of manipulation for the purpose of extortion, the American people will carry the burdens of war easily and cheerfully. Without that protection they are helpless even to provide for their own needs.

Empire Building

Nearly all of the vast section of land which can be made subservient to man's needs have been occupied.

There are very few of those great wild and unknown places which attract the adventurers in the search for new countries left now to be discovered. The earth's surface has practically all, save only those utterly waste and barren places in the Arctic and Antarctic circles where white men cannot yet live, been explored, platted, mapped and claimed by governments.

The virgin forests and the wide sweeps of tillable farm lands have all been "discovered" and settled. The rich mines, gold, silver, copper, zinc, lead, coal, diamonds and all are, if not actually discovered, located within the limits of land which has been claimed.

The great dream of Cecil Rhodes and its realization in the formation and acquisition by the British Empire, of Rhodesia and the great Kimberly diamond mines, and the rich veldts of Boerland, the building of the "Cape to Cairo" railroad is the last great adventure and claiming of territory from the wilderness.

There is yet a great amount of South America and Africa to tame and occupy but every inch of it is within the boundary marked off, at least on the world maps, by some nation.

The great basins of the Amazon and the Orinoco in South America and the Congo in Africa still invite man to come and conquer the wilds, but not for empire building.

Empire building must now be accomplished, if at all, by the sword and in world war, men with men, and we are now seeing the "frightfulness" of such an attempt.

Poetry For Today

CHEERO! CHEERO!

Life can be "one grand sweet song." If we keep on smiling. If we fight against the wrong. And eschew reviling. Strife must end and wars must cease. That is very clear, oh! After warfare cometh peace. Cheero! Cheero!

We can make life what we will. Scatter sunshine through it. If we mean to climb a hill, We will surely do it. When we reach the steep hill's crest, Home is very near, oh! After toll there cometh rest. Cheero! Cheero!

Life can be one summer day, If we face it gamely; Woe and care will flee away, Met by us not tamely. Building birds again will sing. So we need not fear, oh! After winter cometh spring. Cheero! Cheero!

If we scatter gladness round, Life is worth the living; Joy and happiness are found, Hoping, loving, giving. Love's pure gold without alloy Helps the sad and drear, oh! After sorrow cometh joy. Cheero! Cheero!

—Tid-Bits.

ED IS HERALDING THE GENTRY SHOWS

Mr. Ed M. Jackson, who has visited this city almost annually for many years as press representative of various shows, dropped into town Tuesday morning, heralding Gentry Brothers' Shows, which exhibited here two years ago, giving two high class performances on the old fair grounds.

This season it requires fourteen standard show cars to move the Gentry Brothers' shows, an additional car of attractions and equipment being added since last year.

The shows will exhibit here Tuesday, May 22nd, and the usual free parade will be given near the noon hour.

Included in the new offerings this year are some of the cleverest acts ever shown under a "big top."

WANTED—A boy after school and Saturdays at Jess W. Smith Store.

CHANCE FOR BOYS TO LEARN TO SWIM

Here's the opportunity for all boys over 10 years of age to learn to swim.

A swimming campaign is to be conducted at the Y. M. C. A. next week, and all boys over the specified age can learn to swim without charge. Hours and days of the classes will be announced later.

A series of four or five lessons will be given the boys, and several score of youngsters are wanted to learn to swim. Physical Director Parker will have charge of the classes.

HORSES RUN OFF FALL UPON STREET

A team of horses owned by Clarence Campbell became frightened at a train while on South Main street, Tuesday afternoon, and immediately dashed up the street at break-neck speed, clearing themselves of the wagon and finally falling heavily to the street near the Fountain corner.

ANOTHER DIPLOMATIC BREAK.

Save This Recipe for Coconut Cocoa Fudge

1 can of Baker's Fresh Grated Coconut; 1 cup of brown sugar; 4 level tablespoons of cocoa; 2 level tablespoons of butter; ½ cupful of coconut milk.

Put sugar, coconut milk, cocoa and butter in saucepan. Boil ten minutes, or until it forms a soft ball when dipped in cold water, stirring all the time. Add coconut, boil five minutes, remove from fire and beat until cool. Pour in buttered platter; and cut in squares before it hardens.

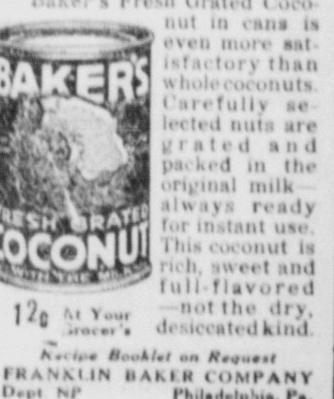

P. S. Press contents of can in wire strainer.

In Social Circles

Invitations have been issued by the Columbus School for Girls' commencement, which takes place on May twenty-eighth.

Miss Helen Harper is a graduate from this school.

Mrs. Arthur Burgett charmingly entertained the Tuesday Kensington Club this afternoon.

A beautiful basket of lilacs perfumed the rooms with their fragrance and a delicious refraction was served.

Mrs. Burgett's little blue-eyed daughter, Rosemary, was the special admiration of the guests, many of whom were introduced to her for the first time.

Mrs. S. L. Goldsbury assisted her daughter in the afternoon's cordial hospitality.

Mrs. Robert Schenck of Dayton, and Mrs. Clemmer Paul of Akron, were out of town guests.

Washington society will learn with much interest of the approaching marriage of Miss Ruth Stimson, daughter of Mr. and Mrs. Charles Stimson, of LaFayette, Indiana, to Mr. Burdette Mast, a young business man of Chicago. The ceremony will be performed on the afternoon of June the seventh at the home of the bride.

Miss Stimson has frequently visit-

ed her aunts, Mrs. Frank L. Stutson and Mrs. Bertha S. Miller. She is a girl of unusual beauty and charm of manner and has been much admired in Washington circles.

The Junior Cecilians were indebted to their sponsors for a very delightful program Monday night.

It was an evening devoted entirely to Indian Music, the native music of America. Mrs. David Craig gave an unusually interesting and instructive talk on this subject, her deep insight into the work revealing many facts not generally known. Miss Minnie Light assisted. Mrs. Craig by playing the themes in the original, followed by the music after it had been harmonized. Miss Light's artistic interpretation of the melodies brought out the Indian ideas in a wonderful manner.

Miss Edith Gardner sang two melodies of the Omaha tribe. Her account of personal trips to the region suggested in the songs added much to the enjoyment of the music. Miss Gardner's interest in the Junior Cecilians has been manifested in many of the Juniors.

Mr. and Mrs. J. W. Duffee will celebrate their golden wedding anniversary with a six o'clock dinner Wednesday evening.

Miss Allie Wendel, a sister of Mrs. Duffee, and Miss Anna Ketzel, of Columbus, will be among the guests.

A pleasurable dinner and home gathering in honor of Mother's Day was held at the country home of Mr. and Mrs. E. H. Cockerill, Sunday. Mr. A. G. Cockerill and family came up from Greenfield; Dr. Willard Cockerill, Mr. and Mrs. W. Horney from Dayton, Miss Almeda Cockerill from Hamilton. They were joined by Mr. and Mrs. Harry Silcott and son and Dr. Cockerill's little daughter, Janet, who is spending the summer with her aunt, Mrs. Silcott.

Mr. Orville Cockerill sent his mother a telegram from his home in the far west.

Mr. and Mrs. Alexander H. Ballard delightfully entertained the Saturday evening Bridge club.

"The Class in the Corner" enjoyed the hospitality of their Sunday school teacher, Mrs. Frank S. Jackson, and her handsome home Saturday afternoon.

A dollar experience session netted a nice sum and was entertaining in the unique methods used by each girl in making her dollar.

Misses Grace Hard and Opal Church were elected delegates to the State Sunday School Convention to be held in Marion in June.

Mrs. Jackson served refreshments and the girls lingered socially.

Mr. and Mrs. Charles McLean are entertaining at six o'clock dinner to night Mr. and Mrs. R. C. Hunt and guest, Mr. George Hunt, of Adairville, Ky., Mr. and Mrs. M. S. Daugherty, Miss Fannie Parrett, Mr. and Mrs. George Fabb and son Charles, Katherin McLean. The dinner is in compliment to Mr. George Hunt.

Mrs. Martin Hughey pleasantly entertained the Two Table Monday Auction Bridge club. A cluster of carnations added grace to the rooms and refreshments followed the game.

Mrs. Charles Passmore, who is vice president of the Missouri Suffrage Association, and Mrs. Cowper, who is a prominent suffrage worker in Nebraska, will speak at the Federation rooms in the Stimson Annex Wednesday.

PERSONALS

Miss Dorothy Smith arrived in Columbus Saturday from New York, where she has been taking the Interior Decorating course at Pratt Institute, going directly from there to her home in Bainbridge.

Mr. H. R. Miser spent Sunday with relatives at Spargursburg.

Mr. and Mrs. Frank Swormstedt (nee Etta Shimp) of New York, visited Mrs. Swormstedt's aunt, Mrs. C. A. Stafford, and family, over Sunday.

Miss Minnie Leasure of Dayton was the Sunday guest of her sister, Mrs. Brooks Hughey.

Mrs. Kate Frizelle, of New York, arrived from a visit with her son in South Bend, Indiana, the last of the week, to visit her sister, Mrs. Frank D. Bradley.

Mr. Harry Green was over from Dayton Sunday on a visit with his sisters, Mrs. Roy Rankin and Mrs. Bert Leach of Cunningham Station. Mr. James Dice of Washington was also guest at the Rankin home.

Carl Pavay, son of Mr. and Mrs. C. C. Pavay, of Columbus, has enlisted in Signal Service Corps, passed the examinations and left Sunday for Camp Perry. The older son, Ralph, has been for some time in the West and is now manager of a 64,000 acre tract in Oregon.

Mrs. Iva Evans, of Columbus, visited her sister, Mrs. R. R. Kibler, and her daughter, Virginia, Sunday.

Miss Helen Bishop has accepted a clerical position in the Tax Commissioner's office in the Capitol building at Charleston, W. Va., and expects to leave the last of the month, to the regret of a host of friends in this city. She will make her home with her sister, Mrs. Ed Hunt, who resides in Charleston.

Messrs. Willis McCoy, Everett Ford and Warren Schlecht went to Columbus Sunday to see "The Birth of a Nation."

Earl Powell, of the Powell Auto Co., and Elton Marine were in Cincinnati Saturday to drive back Hupmobile cars for Messrs. Marine and Howard Griffis. Mr. Powell has taken the agency for the Hupmobile.

Miss Helen Junk has returned to Chillicothe after a two weeks' visit with Mr. and Mrs. Elmer Junk.

Dr. J. R. Johnson, of Lima, visited his sister, Mrs. Fred Vordenfeld, over Sunday. Mrs. Vordenfeld accompanied him Monday on a motoring trip to Urbana and Springfield.

Mr. C. F. Pensyl spent Sunday the guest of his brother, Mr. W. L. Pensyl, in Bainbridge.

Carl Williams was a Sunday visitor in Columbus.

Misses Leila and Ruth Donohoe,

Ronald Dick and Orlan Hays were accepted for service in the Ambulance Corps in Columbus Monday. They expect to be called out as soon as the troops are mobilized.

Paul Hughey left Monday for the Officers' Reserve training camp at Ft. Benjamin Harrison.

Mrs. Elmer Klever is the guest of friends in Columbus.

Rev. David Barre was called to Lexington, Ky., Tuesday morning by the death of an uncle. He will also attend the convention of the Southern Ohio Diocese of the Episcopalian church in session at Dayton this week.

Dr. C. A. Teeters is in Springfield attending the State Medical Association.

Mr. Walter Jones and family are moving from S. Fayette street to one of the McClain double houses on Rawling street.

Mrs. John Arthur and daughter, Mrs. Stanley Harris, of New Vienna, who have been visiting Mrs. W. B. Rogers, went to Wilmington Tuesday to attend Class Night. Mrs. Arthur's grandson, Edwin Arthur, being one of the graduates.

Leland Haines, son of Mr. and Mrs. Will Haines, of Bloomingburg, who passed the Officer's Reserve Corps examination a few days ago, left Monday night for Ft. Benjamin Harrison receiving orders to report to that camp at once.

HAVER

An Old-Time Remedy
With a New Name

There is nothing new or freakish about this remedy. Kala-Tone is the formula of Dr. S. J. Lloyd and has been successfully used by him for over 25 years in treating cases in which the blood was clogged with impurities. Kala-Tone does not make blood—it purifies blood, and by so doing improves the general condition of health. Every ingredient is vegetable and has a direct and positive action. It contains the following herbs, barks and roots—red clover, wahoo, blue flag, mandrake, prickly ash, yellow dock, dandelion and sassafras—in super-saturated strength. Start treatment today. You will feel better afterward.

KATZ

The All Right Store. Washington C. H., O.

Mr. R. D. McClure, having disposed of his business in Peebles, Adams county, has taken charge of the Insurance department of the Fayette Renting Agency, with offices in the Pavey building.

Mr. Herbert Brownell has returned from a month's stay at the Brownell plant in Boston. He says that there may be more excitement in Boston, but he found the same spirit of patriotism upon his return here.

Ralph Mountain of Columbus, who frequently visited in this city with Logan Herbert and was annually a member of a W. C. H. boys' camping party, left for New York Tuesday to join the mosquito fleet of the navy.

IMPORTANT FARM NOTES

CARE OF DAIRY CATTLE.

Do not feed the dairy herd as a herd, for cows differ in their food requirements just as human beings do. By feeding all cows in the herd alike some are sure not to get enough for the greatest profit and others will get more than they can use to advantage.

Cows need much water and should be induced to drink two or three times a day if possible. The average milk cow requires nearly ten gallons of water a day and more than two-thirds of that must come as drink and the balance from water in the feed. Always provide clean fresh water.

Salt should be supplied at the rate of five to seven ounces a week, given as often as twice during the week. Do not use a common salt box in the yard unless all cows are absolutely free from disease.

It pays in dollars and cents to give the cow extra care. The cow that is kept comfortable will give the best results.

It is always desirable to grind all grains for the dairy cow because of the large amount of feed that a cow must digest in order to produce well.

There is no advantage in cooking or steaming feeds for dairy cows. Some unpalatable feeds may be consumed in larger quantities if cooked but cooking does not ordinarily add much to the palatability of grains and may even decrease their digestibility.

REASONS FOR CULTIVATION.

One of the essentials to success in gardening is thorough cultivation according to R. B. Cruickshank of the College of Agriculture. Cultivation breaks up surface crusts and pulverizes the soil, making a dust mulch which decreases evaporation. It destroys weeds which sap the food of its moisture and steal plant food from the vegetable crops. It aerates the soil. This is an important point often overlooked.

Air is necessary to the plant roots and assists in the chemical and bacterial developments in the soil that are essential to plant life and growth. All this means that cultivation tools must be kept going in the garden, as soon as the plants are above ground and every few days throughout the season until the proper maturity of the crop is assured.

The wheel hoe enables the gardener to do a large amount of cultivation easily and quickly. The hand hoe and garden rake are also useful tools.

The wheel hoe enables the gardener to do a large amount of cultivation easily and quickly. The hand hoe and garden rake are also useful tools.

Charles Allen has entered two colts in the state fair races. The 3-year-old is by Baron Bond, by The Bondsman, dam Hilda; 2:29 14 and the 2-year-old is by Baron Bond, dam Dream 2:24 14, whose dam, Diligence by Expedition, was a great brood mare. These colts have not had much work, as Mr. Allen has been too busy to give them the needed time, and he likes to do the training himself.

Allen also has Sphinx McKinney, 2:28, and will get him ready for the trot.

Special musical numbers adding much to the pleasure of the service included a vocal duet, Mesdames York and Everhart; vocal solo, Mrs. Hayward King and choruses by the choir.

Miss Bernice Boggs was accompanied and played the introductory and offertory.

Class Day exercises will be held on Friday night and the commencement on Saturday night. The Alumni banquet follows on Monday night.

PALACE THEATRE

QUALITY PLUS HOSPITALITY

ANNOUNCEMENT!

HAVING rearranged our bookings and adding new programs and Stars to our already attractive programs, we are now able to give our patrons a complete change of pictures daily. The Stars and brands of Photo-Plays we now have under contract are the best obtainable in the Motion Picture World today, and shown at a minimum price of 10c. After experience we believe our patrons will be benefited by this change inasmuch as we have a more varied list of photo-plays to pick from, therefore giving our patrons just the kind of pictures they demanded, and showing them an entirely different one each day. We will constantly strive to show our patrons pictures having a consistent story. Not one a month—not one a week—but ONE EVERY DAY. These photo-plays will represent Quality in every department and will not depend on any single factor to put them across. The plot construction must be of the type possible only to master-directors. Settings, costuming—in fact everything that has to do with the physical construction of these pictures must be beyond criticism.

OUR PROGRAM

as it now is consists of the following well known brands, each a pioneer in the production of Photo-Plays:

WM. FOX

known as the Peer of Producers, both of Comedy and Drama, and Melo-Drama, with a wonderful galaxy of Stars and Directors and with detail that is critic-proof. Here are a few of the many actors and actresses that appear in these Master Productions:

ACTORS—Wm. Farnum, Stuart Holmes, Dustin Farnum, Robt. B. Mantell, Wm. Nigh, Geo. Walsh, Harry Hilliard.

ACTRESSES—Theda Bara, Valeska Suratt, Virginia Pearson, June Caprice, Gladys Brockwell, Genevieve Hamper, Joan Sawyer.

THE GREAT MUTUAL MASTER PRODUCTIONS

"The Plays The Thing With Mutual"

These Stars appear in these pictures:

ACTORS—Wm. Russell, Crane Wilbur, Frederick Warde, Harry Pollard, Edwin Arden.

ACTRESSES—Margerita Fischer, May Ward, Nance O'Neil, Jackie Saunders, Little Mary Sunshine, Mollie King.

LAST COMES OUR FAMOUS

Saturday Mixed Comedy

Program with the supreme Fox Film Comedies in two reels, acknowledged the best comedy pictures made. The Comedy Stars appearing under this brand are the highest paid comedy artists in the business. We are going to show intermittently with the above the two-reel LONESOME LUKE Comedies and the Paramount

Fatty Arbuckle

comedies in 2 reels, making the best comedy program ever shown here.

The PALACE THEATRE

As Supreme In The Past We Will be Supreme In The Future

HINDENBURG IS INTERVIEWED

By American Press

Barcelona, Spain, May 15.—Field Marshal Von Hindenburg says that Germany has a greater strategic reserve at her disposal than ever. In an interview with the correspondent of the Barcelona newspaper Vanguardia, the field marshal declared the United States' new army would get into the war too late to be of any use, and that America could not give appreciable more aid to the entente than she had as a neutral. He said:

"I certainly admit that the financial assistance of the United States should be booked as an additional asset for our enemies, but in this war, contrary to what has been the case in other wars, money has proved not to be the most important factor for the conduct of military operations. The material aid given to the entente can not be very great within any measurable time, and it is the task of our U-boats continually to diminish it. Our enemies have no weapon against the U-boats."

"Our eastern front has been so consolidated and is now garrisoned by such a mass of men that General Brusiloff, even with the most ruthless sacrifice of men, can achieve no success. The western front has become so strong that we can withstand every attack. Today after only two months' U-boat warfare, I can already tell you that our calculation was correct. The course which we adopted, with full appreciation of all the dangers which it entailed, is leading us to victory and peace."

Britain Receives \$25,000,000.
Washington, April 15.—Great Britain received a third installment of \$25,000,000 of the \$100,000,000 which the United States has agreed to lend to meet British purchases in this country during May.

CROWN LANDS BIG AS GERMANY

Petrograd, May 15.—The crown lands in Siberia, which the new provisional government has confiscated from the imperial family and turned over to the state, include almost the whole of the provinces of Altai and Nerchinsk embracing a territory larger than Germany and probably richer than Germany in its natural resources.

Your home can
be transformed
like this with

Lowe Brothers HIGH STANDARD LIQUID PAINT

You will take renewed pride in your home, when painting has increased its attractiveness. You will win the greater respect of your neighbors. You will set a good example which others will follow to the great benefit of your whole neighborhood.

Don't forget that you buy thorough protection in High Standard Paint. It is paint of time-tested, years-proven quality and durability. Withstands sun, wind and wet for years—keeps its colors—fails only by gradual wear—leaves a good surface for repainting.

Ask at our store for booklets, color plates and color cards telling how to transform your home—outside and inside. They are FREE.

Island Neighbors—Mrs. Frank White Music.....Miss Dorothy Parrett Map Talk.....Mrs. J. T. Tuttle

The ladies of the church are cordially invited to attend.

114 12 SECRETARY.

TAKING STEPS TO MEET REQUIREMENTS

Should the government training camp be located on the Persinger farm five miles east of this city, rebuilding of the Circleville pike either by macadamizing or paving will be necessary in as short order as it can be done, and in the best possible manner.

This phase of the proposal is being given attention so that if the government selects the site, no time will be lost in giving attention to the Circleville pike improvement from the corporation line to the intersection of the White pike.

It is more probable that paying of the road would be the kind of improvement decided upon, and if so the work would be done under the state aid plan.

At the present time parts of the road in question are among the worst highways in the county, and the road must undergo radical improvement whether the camp comes to this country or not.

TEACHERS' EXAMINATION

The first examination for teachers of the city schools of Washington C. H., Ohio will be held at the High school building, Saturday, May 26th. Examination will begin promptly at 8:30 o'clock.

AMY V. CONN, Clerk.

Will General Pershing Lead First Americans in France?

MAJ. GEN. JOHN J. PERSHING AND SON WARREN

Orders summoning Major General John J. Pershing from the border to Washington have aroused much speculation. Reports have been heard that the general's visit is connected with the subject of selecting a commander for a military expedition to France. General Pershing is known to have the confidence of administration officials because of his record as commander of the punitive expedition in Mexico. Since the bulk of the regular army now is under his com-

mand, however, and since several of the big army mobilization camps are to be established in his territory, it was pointed out that his trip north might have to do only with organization work.

The picture of General Pershing and his young son Warren, reproduced herewith, possesses a pathetic interest. The boy is the only surviving member of the general's family. His wife and three young daughters lost their lives in a fire in the Presidio, San Francisco, on Aug. 27, 1915.

In a consignment of reed hampers recently received by the S. S. Cockerill & Son Grocery, is a lot forming part of the last shipment from Antwerp, Belgium, before the Germans captured that place, and the supply of this make is now very limited in this country because no more of the hampers are being produced in that stricken country, or if produced cannot reach the United States.

The hampers are marked at old figures, and when the present supply is gone they cannot be replaced at any price.

Nearly all kinds of hampers have virtually doubled in price since the war opened three years ago.

HISTORIC HAMPERS OFFERED FOR SALE

In a consignment of reed hampers recently received by the S. S. Cockerill & Son Grocery, is a lot forming part of the last shipment from Antwerp, Belgium, before the Germans captured that place, and the supply of this make is now very limited in this country because no more of the hampers are being produced in that stricken country, or if produced cannot reach the United States.

The hampers are marked at old figures, and when the present supply is gone they cannot be replaced at any price.

Nearly all kinds of hampers have virtually doubled in price since the war opened three years ago.

PLANTING CORN WHILE SUN SHINES

Fayette county farmers were never busier than at present. From break of day until the shades of night fall the click of the corn planter is the music that greets the ear on all sides, and thousands of acres are being planted each day.

If the weather continues favorable the next ten days will bring to a close the planting of the greatest acreage of corn in the history of the county.

Because turnips need moisture it follows that they need frequent cultivation.

Turnip rows should be 15 to 16 inches apart to allow the tops to spread and still leave room for cultivation. A half ounce of seed will plant 100 feet of row. Plant seeds half inch deep.

When plants are well up thin them so that they stand three or four inches apart.

CHOATE DEAD

New York, May 15.—Joseph H. Choate, former United States ambassador to Great Britain, died before midnight at his home in this city. Mr. Choate had been ill only since morning.

He had taken a very active part in the entertainment of the British and French war missions in this city and attended services at the Cathedral of St. John the Divine with Foreign Minister Balfour Sunday morning. Mr. Choate was referred to by Mayor Mitchel at one of the entertainments in honor of the war missions as the "foremost citizen of New York." Mr. Choate was eighty-five years old and one of the ablest attorneys in the United States.

Red Cross Ball Blue should be used in every home. Ask your grocer. Large package 5 cents.

D.D.D.

Prescription for Eczema

—for 15 years the standard skin remedy. Liquid used externally—soothing relief from irritation. The mildest of cleansers—keeps the skin always clean and healthy.

Come in and ask us about both.

IT'S SMOOTH SAILING on RED CROWN

You sail over the hills on high when you have Red Crown in your tank. Red Crown gives a smooth, steady pull. No missing—no backfire.

Polarine

OILS and GREASES

save repairs. Keep the car free-running. Polarine Transmission Lubricant takes the rattle out of gears. Makes shifting smoother. Reduces wear. Polarine Cylinder Oil adds punch to the piston. Stops power leaks. Ask for Red Crown and Polarine by name. They are distributed through reliable dealers. Look for the sign.
